

**PIÑAVIDA**

**Augmenting the existing product delivery team and  
improving techniques for a FTSE 100 organization**

## KEY FACTS

- 3 NEW LARGE PRODUCT FEATURES DEVELOPED AND TESTED WITHIN 6 MONTHS
- REDUCTION IN TESTING TIME BY 40% WITH THE INTRODUCTION OF TEST AUTOMATION AND TRAINING DELIVERED TO THE INTERNAL TEAM
- COLLABORATION WITH INTERNAL STAKEHOLDERS TO PRIORITISE BUSINESS CRITICAL FEATURES
- INTRODUCTION OF AGILE REFINEMENT TECHNIQUES IN ORDER TO FOCUS ALL TEAM MEMBERS

## Challenge

The delivery team at our customer was struggling with capacity to deliver business critical system developments including new functional features and infrastructure upgrades to support the end customer.

The team's delivery model was disjointed due to multiple supplier channels and high staff turnover.

## Solution

Pina Vida deployed subject matter expert product owners and testers to augment an existing team and drive delivery.

The team identified a need to refactoring internal delivery processes in order to aid a more agile delivery mechanism.

With strong leadership and a collaborative approach the team were able to drive key process changes to aid the group to deliver better together across multiple workstreams.

# Let's build something great together

Lots of companies can develop software for you.  
Few can truly deliver the results you actually want.
